

Northern Night Cup Round 4, Craig Leach - Wednesday 10 January 2018

The parking track at Craig Leach is covered in ice so there is no way we can get cars parked. We are really sorry, but our only option is to cancel the event. This was always a risk for this event, but we felt it was worth it to offer easy access to some stunning terrain. Unfortunately, the gamble didn't pay off this time around.

Thanks to the 28 people who pre-entered. We need to sort things out with Fabian4 to offer refunds. Further details to follow.

Many thanks Johannes.
