

INVOC 2020 XMAS Maprun Event – Bught Park

Thanks all who took part in the Bught Park Xmas course. The infirm foot bridge remained open, and the little snow did not put off the last minute rush to complete the course. Those who read the rules noted that there was a 5 minute reduction in your time to supply a photo and another 5 mins to make a present in Bught Park – the combined picture looks great, although I'm sure Santa should have delivered his presents by now! This made all the difference to the results. Some presents were better than others, some taking 9 minutes to take special care in making their presents! Special mention to Carolyn for her teddy bear, which was not quite what was asked for, but so complex we'll let her off. It's amazingly hard to make a present with right angles and try to retrace your steps, possibly the snow helped later competitors, or those more observant may have noticed the football pitches at number 9 which provided a great layout, though not many used these.

Below you will find the present pictures, adjusted results table and photos, including the mysterious Santa and reindeer. The top 6 present GPS tracks are shown first. I think you will agree Angus Laird had the best present - prize on its way!

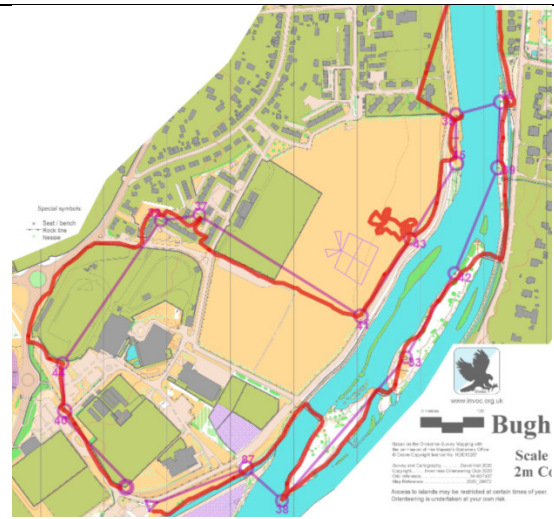

Present Pictures
